

DROP-IN SESSIONS/DAYS

A Drop-In service is available throughout the whole year for all parents at Hopes and Dreams.

A Drop-In is an extra session/day that you may wish to book for your child/ren outside of his/her permanent schedule. For example if your child is attending Monday, Tuesday and Friday, but you need to be at work on Wednesday as well this week only, then you can call and book a Drop-In Day/Session. You can also extend your permanent schedule sessions if necessary, for example if your child is attending AM Session only on Monday, but you are being held at work, you can call and extend to a full day. There is no age restriction for using this service.

Our Drop-In service is extremely flexible and it has been created purely for the purposes of taking the pressure off our parents on days when you find yourself stretched between looking after your child/ren and working. Therefore if you need to have extra free time to work or simply relax you can always call to book a Drop-In.

Please note that Drop-Ins always have to be booked in advance. Please do not just arrive with your child in, as this service is strictly subject to availability. Although we will do our best to meet your demands, for the purposes of capacity, we may have already reached the limit of children that we can have at any one time, therefore we may not be able to accommodate your request. However since Hopes and Dreams is also running a Nanny and Babysitting Agency, even if we have no availabilities in the Nursery School, we can try and organise a sitter for you instead.
