Introducing Workplace Nursery by Enjoy Benefits

You could save £6,411 or more a year on nursery fees!*

If your fees are higher, your savings will be greater.

Workplace Nursery is a unique way for parents to save as much as possible on nursery fees. Quite simply, if your employer works in partnership with your nursery you save on tax and National Insurance payments on ALL your nursery fees.

A unique way to cut your childcare costs...

While Workplace Nursery costs your employer nothing, here's how much you could save:

Monthly nursery fees	£1000	£1250	£1500
Annual saving for higher rate tax payer	£4274	£5343	£6411
Annual saving for basic rate tax payer	£2942	£3678	£4413
Annual saving through Childcare Vouchers	£933	£933	£933
Annual saving through Tax Free Childcare	£2000	£2000	£2000

The childcare voucher scheme closed to new joiners in October 2018 – but if you currently use them, you can combine them with the Workplace Nursery to save even more!

...and your nursery gets extra support too!

Workplace Nursery doesn't just work for parents. The partnership means your employer makes a contribution to your nursery to be used for its running and upkeep. They recoup this through reduced National Insurance payments – so you benefit, your nursery benefits and it costs your employer nothing!

*Annual savings of £6,411 are based on fees of £1500 per month.

What to do next

Just talk to your employer. They simply need to contact Enjoy Benefits directly, who'll set the scheme up and take care of all the arrangements.

Take this leaflet with you when you talk to your employer

If your employer isn't familiar with Workplace Nursery, this leaflet will give them the basic details. Or they can find out all they need to know at **www.enjoybenefits.co.uk**.
